

# Digital Pre-Press Fundamentals

## Who Should Attend?

Production managers, press co-ordinators, supervisors, managers, graphic artists, pre-press operators, customer service, sales/support staff and people moving into Desktop Publishing and the Pre-press areas.

## What will we learn?

This **Digital Pre-Press Fundamentals** workshop will give you a practical understanding of digital prepress procedures and processes. It will allow you to produce files more accurately and identify common pitfalls along the way. It will assist in the goal of producing files for output which will help you, the bureau and your printer.

## How long and how much?

The workshop is offered over two consecutive days. The hours are generally 9.00am to 4.30pm

The cost is \$580 per person. Numbers are limited with a maximum of 6 participants per workshop.

Prices and durations may vary for interstate and on-site workshops.

## Where will it be?

The Intech Training Facility is located on the corner of Bilsen and Zillmere Roads at Boondall (Brisbane's northern suburbs). By car, Intech is 30 mins from the CBD and 15 mins from the Airport. Accommodation is available at reasonable rates within walking distance.

## What will I end up with?

An Intech **Statement of Attainment** is awarded to people completing the Digital Pre-press Fundamentals Workshop.

## How and where to enrol?

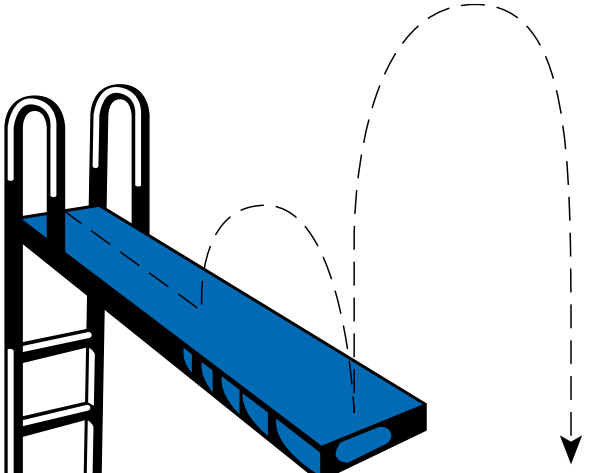

Enrolments and enquiries should be directed to:

**Intech Australia**

Corner of Bilsen and Zillmere Roads  
Boondall Qld 4014

E-Mail: [garyb@inpltd.com.au](mailto:garyb@inpltd.com.au)

Telephone: 07-3360 1144 Facsimile: 07-3360 1119

In the rapidly changing world of the graphic communications industry, if you don't have unquestionable theoretical and practical knowledge of the digital pre-press environment then the total print production process can be something of a hit and miss affair.

## Fortunately Intech's **Digital Pre-press Fundamentals**

workshop will open your eyes to the possibilities and solutions available. So don't take the plunge on your own, allow Intech to be your coach to achieve your goals.

## Intech's **Digital Pre-press Fundamentals**

workshop has been developed to meet the complex and changing requirements of professionals working within the digital pre-press, graphic arts and associated industries.
